

World Class Manufacturing

Mahindra engines are manufactured at the state-of-the art facilities located in Chakan near Pune & Nagpur.

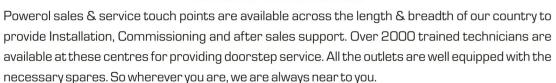

These manufacturing facilities are equipped with:

- Fully automated, controlled environment engine assembly
- Conforms to latest certifications and quality standards
- Quality control systems to maintain highest level of engine quality standards

Engineering Capabilities and Facilities:

- Dedicated R&D set-up at Mahindra Reserch Valley (MRV) Chennai
- New rating developments
- In-house engine and genset design capability
- Modern equipments & software for design development and upgradation of engines, acoustic enclosure systems and control.
- Test cells for R&D testing.

Peace of mind service

Support is just a call away

Our customer care centre is equipped with the latest software for monitoring & time bound escalation till closure of the complaints. To make it simpler for our customers, a common Toll free no. is available for both sales and service support.

ABOUT POWEROL

In 2001, Mahindra and Mahindra entered into the field of power generation through its engines under the brand name Mahindra Powerol that are propelling Diesel Generating Sets from 5 kVA to 625 kVA. Mahindra Powerol, known for its fuel efficiency and quick customer response is trusted by telecom & retail customers.

Within short span of time, Mahindra Powerol has garnered immense customer trust which shows its level of commitment and customer centric approach. Presently, its more than 400,000 gensets are powering different industries and applications in Indian and overseas market. Mahindra Powerol through its technology & service has taken a deep stride in the engine and genset industry. In a little over a decade, it has also expanded its footprint in South East Asia, Middle East and Africa.

Gas Power Solutions

Mahindra, with its core engineering strengths and it's commitment to contribute towards cleaner environment, has developed India's first ever gas powered genset compliant to CPCB II norms.

Lowest operating cost

^{*}Actual saving depends on present market prices of HSD and NG

Benefits of Mahindra Powerol Gas Genset

Low operating cost Zero fuel handling

Environment friendly

Technology

Low noise level

Dump valve for improved Block loading
